

Brief Introduction

Tips of glue (The picture is only for reference.)

1. Liquid glue is used to glue large wood parts and other materials.
2. Do not use too much glue in case of longer time to dry. It may also affect the appearance of completed products.

Tips of assembling

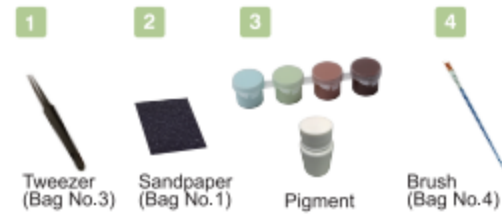

1. Small parts are included. Children must assemble under the guidance of adults in case of swallowing by mistake.
2. Put the remains back to original bags after taking enough dosage in each step till completed. (In case of missing materials)
3. All the dimension in the instruction is shown in millimeter (mm).
4. Find the part you need according to material list and the 1:1 part illustration paper (for wood parts). Check its number and size carefully before assembling.
5. When assembling, note the position of the parts shown in the material list, and take them out for use.

Tips of light bead

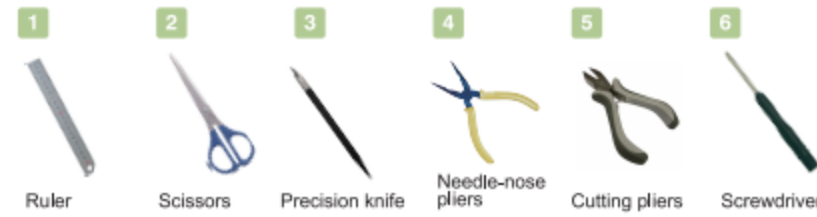

1. Notice: Connect the yellow wire to the anode and white wire to the cathode. (See the figure)
2. In the cell box, the red wire is anode and the black wire is cathode.
3. Test if the light works again after assembling the lampshade and the cell box.

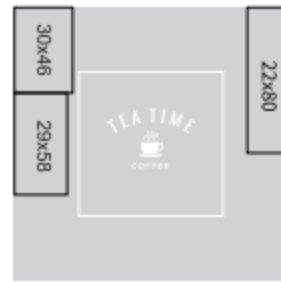

Tools included

Tools not included

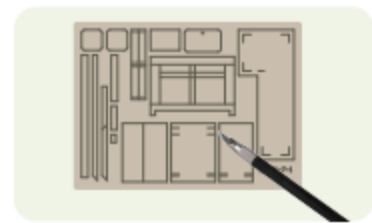

Cutting explanation of printed large transparent sheet (mm)

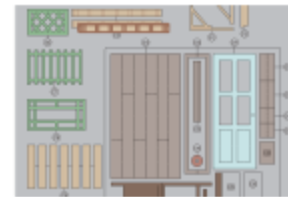

1. Cut the sheet into specific sizes based on the instruction.

Remove the part properly

Remove the wood part with knife. Polish with sandpaper for preparation. (It's easier to remove parts by cutting the edge front and back.)

Find wood parts based on the part illustration paper

Paint the part

Paint the part according to the instruction in advance and dry for preparation. Paint again after dry for better effect. (For example, paint 1-89 green.)

Part number explanation

1-817 is in Bag No. 1, the number of the part is 817. (Only note the part number in the steps.)

Leisure Time

Product name : Flowery Sweets & Teas
Product model : DG146
Size : 220 x 149 x 170mm

Product name : Light Music Bar
Product model : DG147
Size : 222 x 159 x 190mm

Product name : Honey Ice-cream Shop
Product model : DG148
Size : 225 x 150 x 160mm

Back view

Glue as shown. Completed.

Cooking Utensil

Material List

- 1 Thin black heat-shrink tube L9mm 1pc (Bag No.4)
- 2 Black wire L48mm 1pc (Bag No.3)
- 3 Silver metal wire L95mm 1pc (Bag No.3)
- 4 Aluminum tape 40x20mm 1pc (Bag No.1)
- 5 Papercut K34-K37

1

Cut the aluminum tape based on papercuts.

2

Cut and bend the silver metal wire as shown. Clamp the part in red box flat.

7

Bend the silver metal wire as shown.

8

Front view

Back view

Glue as shown. Completed.

Light

Material List

- 1 Light bead 2pcs (Bag No.3)
- 2 Thin black heat-shrink tube L20mm 1pc (Bag No.4)
- 3 Thick black heat-shrink tube L40mm 1pc (Bag No.4)
- 4 White heat-shrink tube L70mm 1pc (Bag No.4)
- 5 Silver eyelet 2pcs (Bag No.3)
- 6 Thick white wire L70mm 1pc (Bag No.3)
- 7 Thin white wire 2pcs (Bag No.3)
- 8 Thin yellow wire 2pcs (Bag No.3)
- 9 White lampshade 2pcs (Bag No.4)
- 10 Transparent straw L12mm 1pc (Bag No.4)
- 11 Golden metal wire L40mm 1pc (Bag No.3)

3

Glue as shown.

4

Cut the black wire and remove the rubber. Bend as shown.

5

Cooking utensil 1

Glue as shown. Completed.

6

Cut the heat-shrink tube and glue as shown.

7

Cut the aluminum tape and glue onto the red box.

8

Cooking utensil 2

Glue as shown. Completed.

1

Cut off the light pin as shown.

2

Remove 12mm rubber off wires in both ends and wind them separately on the light. (Notice the anode and the cathode.)

3

Test if the light works properly with the cell. Don't mix up the electrodes.

4

Cut two 5mm thin heat-shrink tubes and put onto the wires. Heat tubes to shrink.

5

Cut the straw and put onto the tube as shown.

6

Cut off the top of the lampshade.

Wrap and glue. Trim the excessive part.

Glue as shown.

Glue as shown. Trim the excessive part.

Glue as shown. Completed.

Flower Box

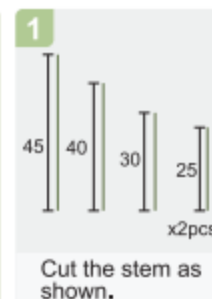

Material List

- 1 Green stem L59mm 1pc (Bag No.3)
- 2 Papercut K47, N4

Potted Plant 1

Material List

- 1 Green stem L165mm 1pc (Bag No.3)
- 2 Silver fastener 1pc (Bag No.5)
- 3 White flower 3pcs (Bag No.1)
- 4 Papercut K7, N8, N9

Cut the stem as shown.

Wrap stems with some tissues.

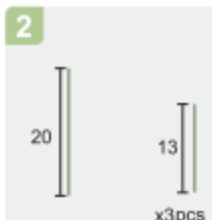

Glue K7 onto the fastener.

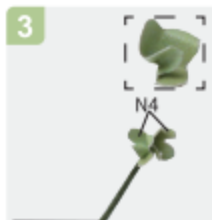

Glue as shown.

Fold and glue as shown.

Cut the stem as shown.

Fold and glue as shown.

Glue as shown. Completed.

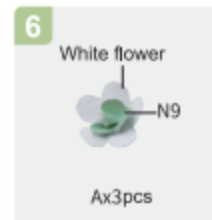

Plant 1

Material List

- 1 Green stem L550mm, L330mm 2pcs (Bag No.3)

Paint the tissue brown and bend stems as shown.

Glue as shown.

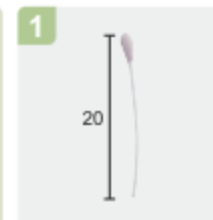

Glue as shown. Completed.

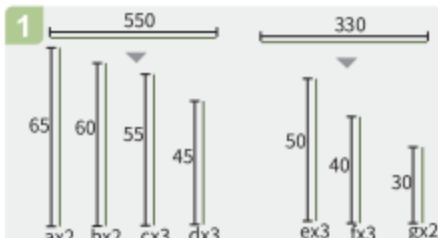

Potted Plant 2

Material List

- 1 Purple flowerpot 1pc (Bag No.5)
- 2 Pink stamen 4pcs (Bag No.5)
- 3 Dark green paper 30x20mm 1pc (Bag No.1)
- 4 White flower 8pcs (Bag No.1)

Cut the stamen as shown.

Cut the stem as shown.

Twist as shown. Twine with "g" and glue.

Twist as shown. Twine with "g" and glue.

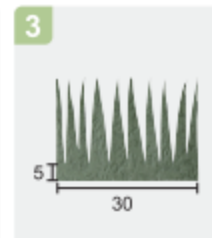

Plant 2

Material List

- 1 Wood pieces 1pc
- 2 Green stem L280mm 1pc (Bag No.3)
- 3 Papercut N7

Take flowers out of paper. Insert stamens and glue.

Cut the dark green paper as shown.

Wrap and glue.

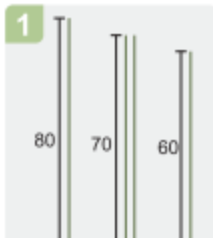

Glue as shown. Completed.

Pink Flower

Material List

- 1 Light green stamen 5pcs (Bag No.5)
- 2 Papercut N5, N10

Cut the stem as shown.

Glue N7 onto stems and fold in half.

Twist four stems into one strand.

Glue as shown. Completed.

White Flower

Material List

- 1 Light green stamen 9pcs (Bag No.5)
- 2 Light green paper 65x50mm 1pc (Bag No.1)
- 3 White flowerpot 1pc (Bag No.4)
- 4 White flower 17pcs (Bag No.1)

Cut stamens in half. Insert into flowers and glue.

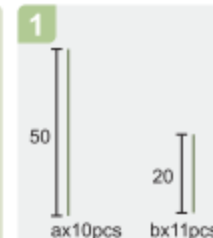

Wrap and glue. Completed.

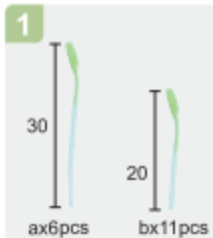

Yellow Flower

Material List

- 1 Yellow floral paper 1pc (Bag No.1)
- 2 Dark green paper 60x30mm 1pc (Bag No.1)
- 3 Green stem L580mm, L140mm 2pcs (Bag No.3)
- 4 Brown flowerpot 2pcs (Bag No.5)
- 5 Papercut K43, N6

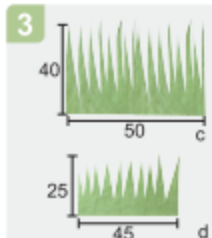

Cut the stem as shown.

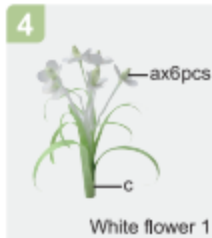

Cut the stamen as shown.

Take flowers out of paper. Insert stamens and glue. (Keep the remaining paper for later use.)

Cut the light green paper as shown.

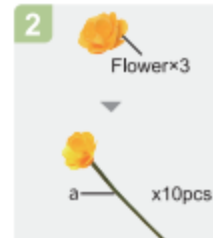

Wrap and glue. Completed.

Wrap and glue.

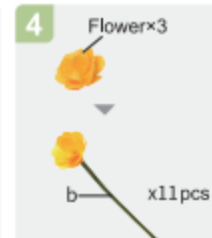

Paint the flowerpot reddish brown. Glue as shown. Completed.

Glue as shown.
